page 1 of 4

**BioMineralComposite**  
**BM42030**  
**BM42100**  
**BM42150**

**Natural Calcite, BioMineral**  
**+ polymer/wax blend,**  
**a compostable binder**

**Application examples**  
**for compostable and**  
**rotting products**

Products of injection moulding and vacuum forming,  
3D printing, sheets, composites, foils, support material,  
substrate, frisbee disk, cans, plant plug signs,  
garden decor, soap dish, edge-protection,  
trays, wicker ribbons, bark beetle trap, stone dummy

**BioMineralComposite**  
**BM4225**

**Natural Calcite, BioMineral**  
**+ polymer/wax blend,**  
**a compostable binder**

**Application examples**  
**for compostable and**  
**rotting products**

Injection moulding/Granulation/Scattering/Melting/  
Shaping to Calcite coloured stones imitation, deco-/  
melting granules, garden ornamental gravels,  
garden decore, carrier material, letters, signs

**Colouration with soil-**  
**related pigments:**

**Ultramarine and Iron Oxides in**  
**CAPROWAX P Masterbatches**

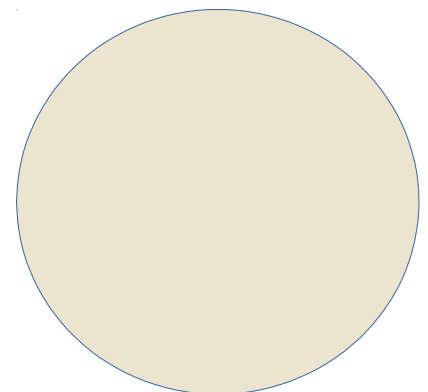

**BioMineralComposite BM42030**

**BioMineralComposite BM42100**

**BioMineralComposite BM42150**

**BioMineralComposite BM4225**

**natural colour**

## BioMineralComposite BM42xxx

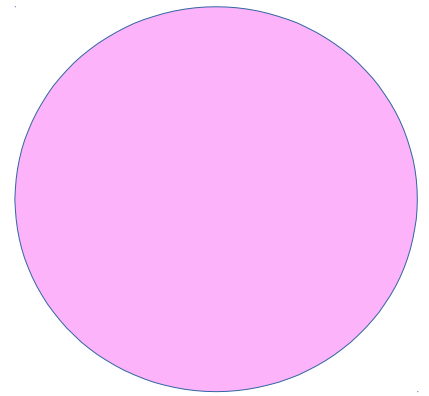

Soil-related pigment:

**Ultramarine Pink**

CAPROWAX P-Masterbatch

Recipe instruction: 2-4%

**Red 114 T**

page 2 of 4

## BioMineralComposite BM42xxx

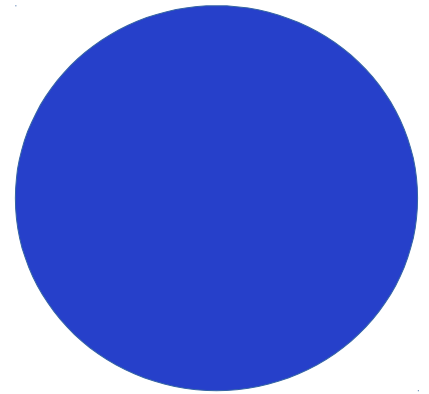

Soil-related pigment:

**Ultramarine Blue**

CAPROWAX P-Masterbatch

Recipe instruction: 1-2%

**Blue G 511 T tex**

## BioMineralComposite BM42xxx

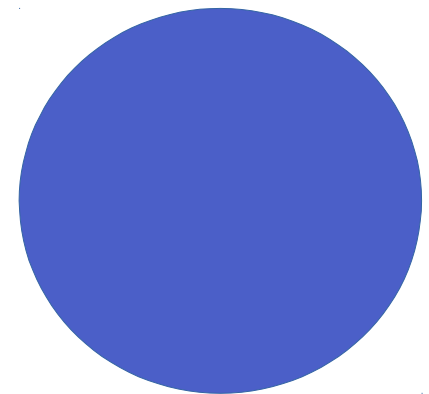

Soil-related pigment:

**Ultramarine Blue**

CAPROWAX P-Masterbatch

Recipe instruction: 1-2%

**Blue R 516 T tex**

## BioMineralComposite BM42xxx

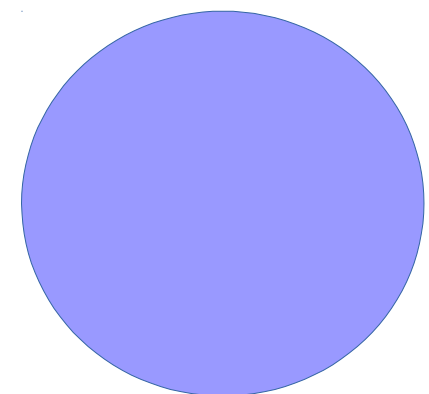

Soil-related pigment:

**Ultramarine Violet**

CAPROWAX P-Masterbatch

Recipe instruction: 2-4%

**Violet B 616 T**

## BioMineralComposite BM42xxx

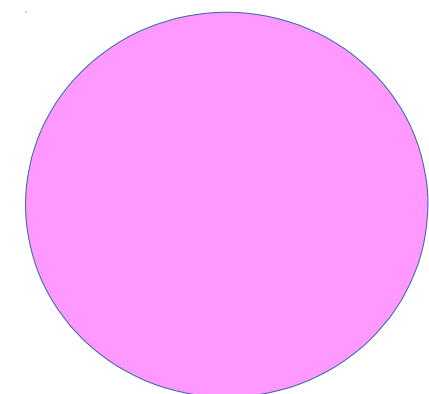

Soil-related pigment:

**Ultramarine Violet**

CAPROWAX P-Masterbatch

Recipe instruction: 2-4%

**Violet R 617 T**

### BioMineralComposite BM42xxx

Soil-related pigment:

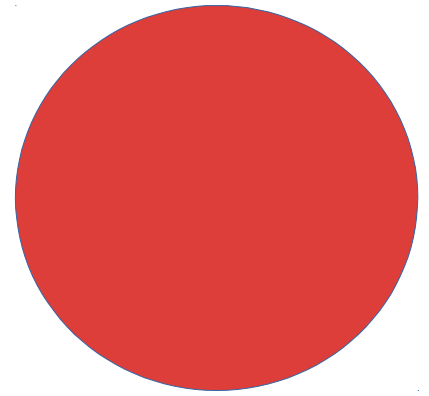

**Iron oxide Red**

CAPROWAX P-Masterbatch

Recipe instruction: 0,5-2%

**Red 116 lw tex**

page 3 of 4

### BioMineralComposite BM42xxx

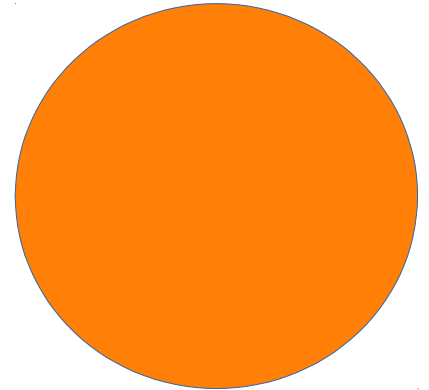

Soil-related pigment:

**Iron oxide Red**

CAPROWAX P-Masterbatch

Recipe instruction: 0,5-2%

**Orange 204 lw tex**

### BioMineralComposite BM42xxx

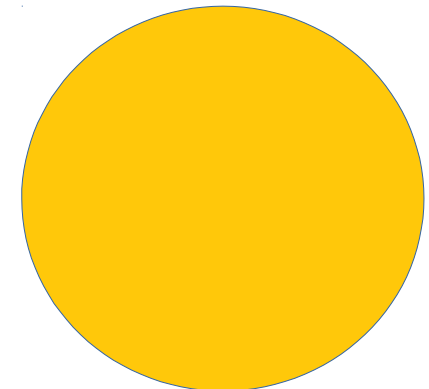

Soil-related pigment:

**Iron oxide Yellow**

CAPROWAX P-Masterbatch

Recipe instruction: 0,5-2%

**Yellow 307 lw tex**

### BioMineralComposite BM42xxx

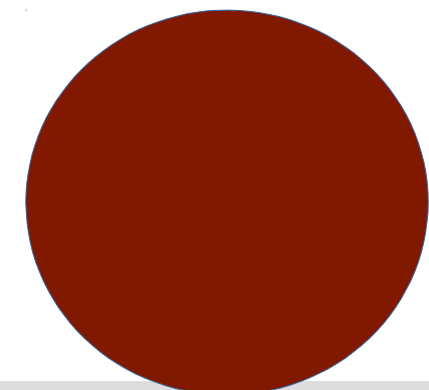

Soil-related pigments:

**Iron oxide Red  
Iron oxide Black**

CAPROWAX P-Masterbatch

Recipe instruction: 1-2%

**Brown 702 lw tex**

### BioMineralComposite BM42xxx

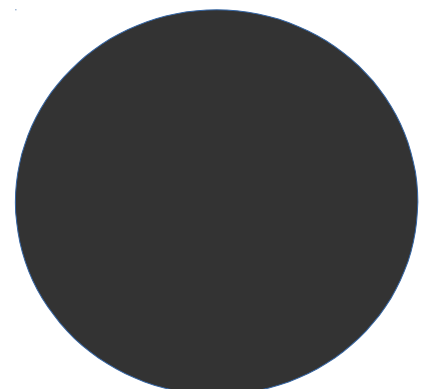

Soil-related pigment:

**Iron oxide Black**

CAPROWAX P-Masterbatch

Recipe instruction: 2-4%

**Black 801**

## BioMineralComposite BM42xxx

Soil-related pigments:

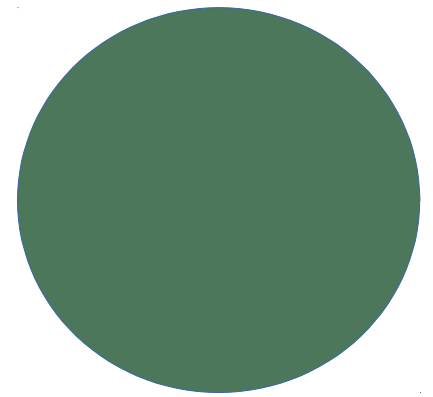

Ultramarine Blue  
Iron oxide Yellow

CAPROWAX P-Masterbatch

Recipe instruction: 1-2%

Green 413 T tex
